PETITION TO WITHDRAW
HOLDING OF ABANDONMENT
UNDER 37 C.F.R. SECTION
1.181(a) AND M.P.E.P. SECTION
711.03(c)I FOR FAILURE TO
RECEIVE OFFICE ACTION

May 2, 2006

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants respectfully petition under 37 C.F.R. 1.181(a) that the holding of abandonment for the above-referenced patent application be withdrawn in accord with M.P.E.P. Section 711.03(c)I. In support of this petition, we provide the following:

1. The above-referenced application was transferred by applicants from the prior attorneys of record to the instant attorneys of record in January, 2004. A Revocation and Power of Attorney by Assignee and a Statement Under 3.73(b) were filed in the U.S. Patent and Trademark Office on February 23, 2004. A copy of the Power of Attorney and Statement, along with a copy of the postcard receipt showing the USPTO Mailroom stamp of February 25, 2004, are enclosed as Exhibit A. Applicants

respectfully request that this Power and Change of Correspondence Address be made of record.

2. The first Office Action in the above-referenced application was mailed to the prior attorneys by the U.S. Patent Office on March 8, 2005, and was forwarded to applicants' attorneys of record by prior counsel. A responsive Amendment was timely filed by applicants' attorneys of record on July 8, 2005. A copy of the postcard showing the USPTO Mailroom stamp of July 11, 2005 is enclosed as Exhibit B. The Response is duly listed in the PAIR system as being received on July 11, 2005.

3. No further correspondence from the U.S. Patent and Trademark Office has been received in this case by the undersigned practitioner of record.

4. The USPTO Examiner telephoned the undersigned practitioner of record on April 13, 2006 to inform him that a reply to a Final Office Action dated October 5, 2005 had not been received, and the application was being abandoned. The undersigned practitioner of record was unaware that such a final Office Action had been issued.

5. Facts showing that the entire delay in filing the required reply was unavoidable, from the due date for the reply until the filing of the present Petition, are set forth below and substantiated by an attached Declaration under 37 C.F.R. Section 1.68 of Justin Emerson.

6. Because the present application was filed after June 8, 1995, applicants note that no Terminal Disclaimer is required under 37 C.F.R. 137(a)(4) and (c).

7. Applicants' undersigned attorneys of record have within three weeks prepared and filed this Petition to Withdraw Holding of Abandonment, which is well within the two-month period from the notice of abandonment telephone call. Therefore, this Petition is timely.

8. Please refer to the attached Declaration under 37 C.F.R. Section 1.68 of Justin Emerson, a docketing clerk in our U.S. docket department. Mr. Emerson has been a docketing clerk in our U.S. docket department for about one and one-half years. As mentioned in his Declaration, there is no record of our U.S. docket department ever

Application No.: 10/015,902

PATENT

having received the final Office Action dated October 5, 2005 for this application. Accordingly, as far as we are aware, such an Office Action was never received by us.

9. Attached to Mr. Emerson's Declaration is the relevant page of Townsend and Townsend and Crew LLP's "Patent and Trademark Chronological Docket." Since the docket includes other clients' matters, information specific to those matters has been redacted to preserve confidentiality. A copy of relevant page 2 of the docket is enclosed, where the non-received final Office Action communication would have been entered had it been received. A docket date corresponding to the Response to Office Action would have appeared where indicated by an arrow, since the docket report is sorted by due date and then by client file number.

10. Applicants' undersigned practitioner of record states that he did not receive the final Office Action dated October 5, 2005, and that he has diligently searched the file jacket and docket records to confirm that the final Office Action was never received.

11. Since an Office Action was never received, applicants were unable to file a timely response. In addition, the U.S. Patent and Trademark Office failed to make of record the Revocation and Power of Attorney and Change of Correspondence Address documents filed February 23, 2004. The U.S. Patent and Trademark Office apparently therefore mailed the Office Action to the prior practitioner. As the delay in responding to the Office Action was unavoidable, we hereby petition the Commissioner for Patents to withdraw the holding of abandonment, in view of *Delgar v. Schuyler*, 172 USPQ 513 (DDC 1971), MPEP §711.03(c)II, and 1156 OG 53, Nov. 16, 1993. The *Delgar* case suggests that in appropriate cases, the Assistant Commissioner of Patents may authorize the Examiner to withdraw a holding of abandonment.

No Petition fee is believed to be required in this instance, but if the U.S. Patent and Trademark Office disagrees with this, please charge the Petition fee set forth

DECLARATION UNDER 37 C.F.R.
SECTION 1.68 OF JUSTIN EMERSON

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

I, JUSTIN EMERSON, declare as follows:

1. I am a docketing clerk with the U.S. Docket Department at Townsend and Townsend and Crew LLP (TTC), San Francisco, California. I have been a docketing clerk at TTC since 2004.

2. (a) Under standard TTC operating procedures, Office Actions received from the United States Patent and Trademark Office (USPTO) are entered in TTC's "Patent and Mark Docket Chronological" by their due date(s). Accordingly, if an Office Action was mailed October 5, 2005, and had been received by TTC on any date, it would have been entered with a due date of January 5, 2006.

(b) I have reviewed the docket entries for items due January 5, 2006, as well as the week before and the week after January 5, 2006, and found none corresponding to the subject application.

(c) Attached is an excerpt of the relevant part of the Docket identifying entries having a due date of January 5, 2006.

(d) The client names and application numbers have been redacted to preserve client confidentiality.

Rajasekaran, et al.
Application No.: 10/015,902

PATENT

(e) The docket entry for the subject non-received Response to Office Action would have been listed on page 2, given that matters for a given date are ordered by client number and matter number. This page shows client numbers to confirm that this matter would have been on this page. No such entry is listed.

3. (a) Under standard TTC operating procedures, Office Actions received from the United States Patent and Trademark Office (USPTO) are entered in TTC's "Patent and Mark Docket Chronological." Accordingly, if an Office Action had been received by TTC, it would have been entered in the subject application's record in the docketing system.

(b) I have reviewed the docket entries for the subject application.

(c) Attached is a screen print of the Docket entitled "Patent Record Sheet - Diary" showing all entries for the subject application. The docket entries are ordered in chronological order within categories, with "events" appearing first, followed by "manual action" items, followed by "automatic action" items.

(d) The last entry was for the response filed on July 8, 2005, and its follow-up status check, entered on July 14, 2005. No subsequent entry is listed.

4. I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,

Justin Emerson
